Customer Problem Statement Template:

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love.

A well-articulated customer problem statement allows you and your team to find the ideal solution for the challenges your customers face. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Example:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1(Applicant)	A young professional with a growing credit history	Apply for a premium credit card to build my credit score	I face unexpected rejections or long waiting periods	The current system relies on rigid, outdated criteria and manual checks	Anxious, frustrated, and untrusting of the banking institution.
PS-2(Business)	A Bank Risk Assessment Manager	Efficiently evaluate and approve credit card applications	We are losing credit-worthy customers to competitors and suffering high	Our manual underwriting process is slow, biased, and struggles to accurately predict risk	Stressed by high financial risk and overwhelmed by operational inefficiency.
